

Credit Suisse Paris live with MIG21

Credit Suisse (France) went live with MIG21 to support French investment regulations and contractual guidelines. Credit Suisse (France) chose MIG21, because MIG21 is a very flexible investment monitoring solution for complex environments with multiple data sources and third parties involved.

Also, the Asset Management division of Credit Suisse in Zurich and Credit Suisse (Luxembourg) have been MIG21 clients for several years now.

Credit Suisse's asset management business manages portfolios, mutual funds, and other investment vehicles for a broad spectrum of clients globally ranging from governments, institutions and corporations to private individuals. It offers investment products across the full spectrum of asset classes, ranging from equities, fixed income, commodities and multiple-asset class products. Credit Suisse is a world-leader in providing alternative asset solutions, and offers the full range of alternative investments including real estate, hedge funds, private equity and volatility management. Credit Suisse's asset management business is operated as globally integrated network, creating continuous cross-border information sharing to deliver our best investment ideas and capabilities to clients around the world.
